

General Behaviorology Errata Sheet

Corrections for Noticeable Typos in the First Printing

Dear Reader: Since the relevance of this book to helping solve human problems seems rather extensive, publishing it as soon as possible was desirable. However, the trade-off for achieving that end was the increased risk of retained typographical errors. While fewer surfaced than experience predicts for a work of over 1,600 pages, here are the corrections you can make for the typos we have found up to March 2010 (and, hopefully, few remain undiscovered).

Roman numbered pages & Part I:

Page xvii, to Extinction ... 438: add as part of “reequilibration” after Extinction

Page xx, Figure 17–4: change Typical to Sample *and* the characteristic to stereotyped

Page xlii, paragraph (para) 2, line 2: change 3443 to 6888
